A close-up photograph of a squirrel's front paws holding a small pine cone. The squirrel is partially visible on the right side of the frame, with its reddish-brown fur and white belly. The pine cone is dark brown and textured. The background is a soft-focus view of tall, dry grass.

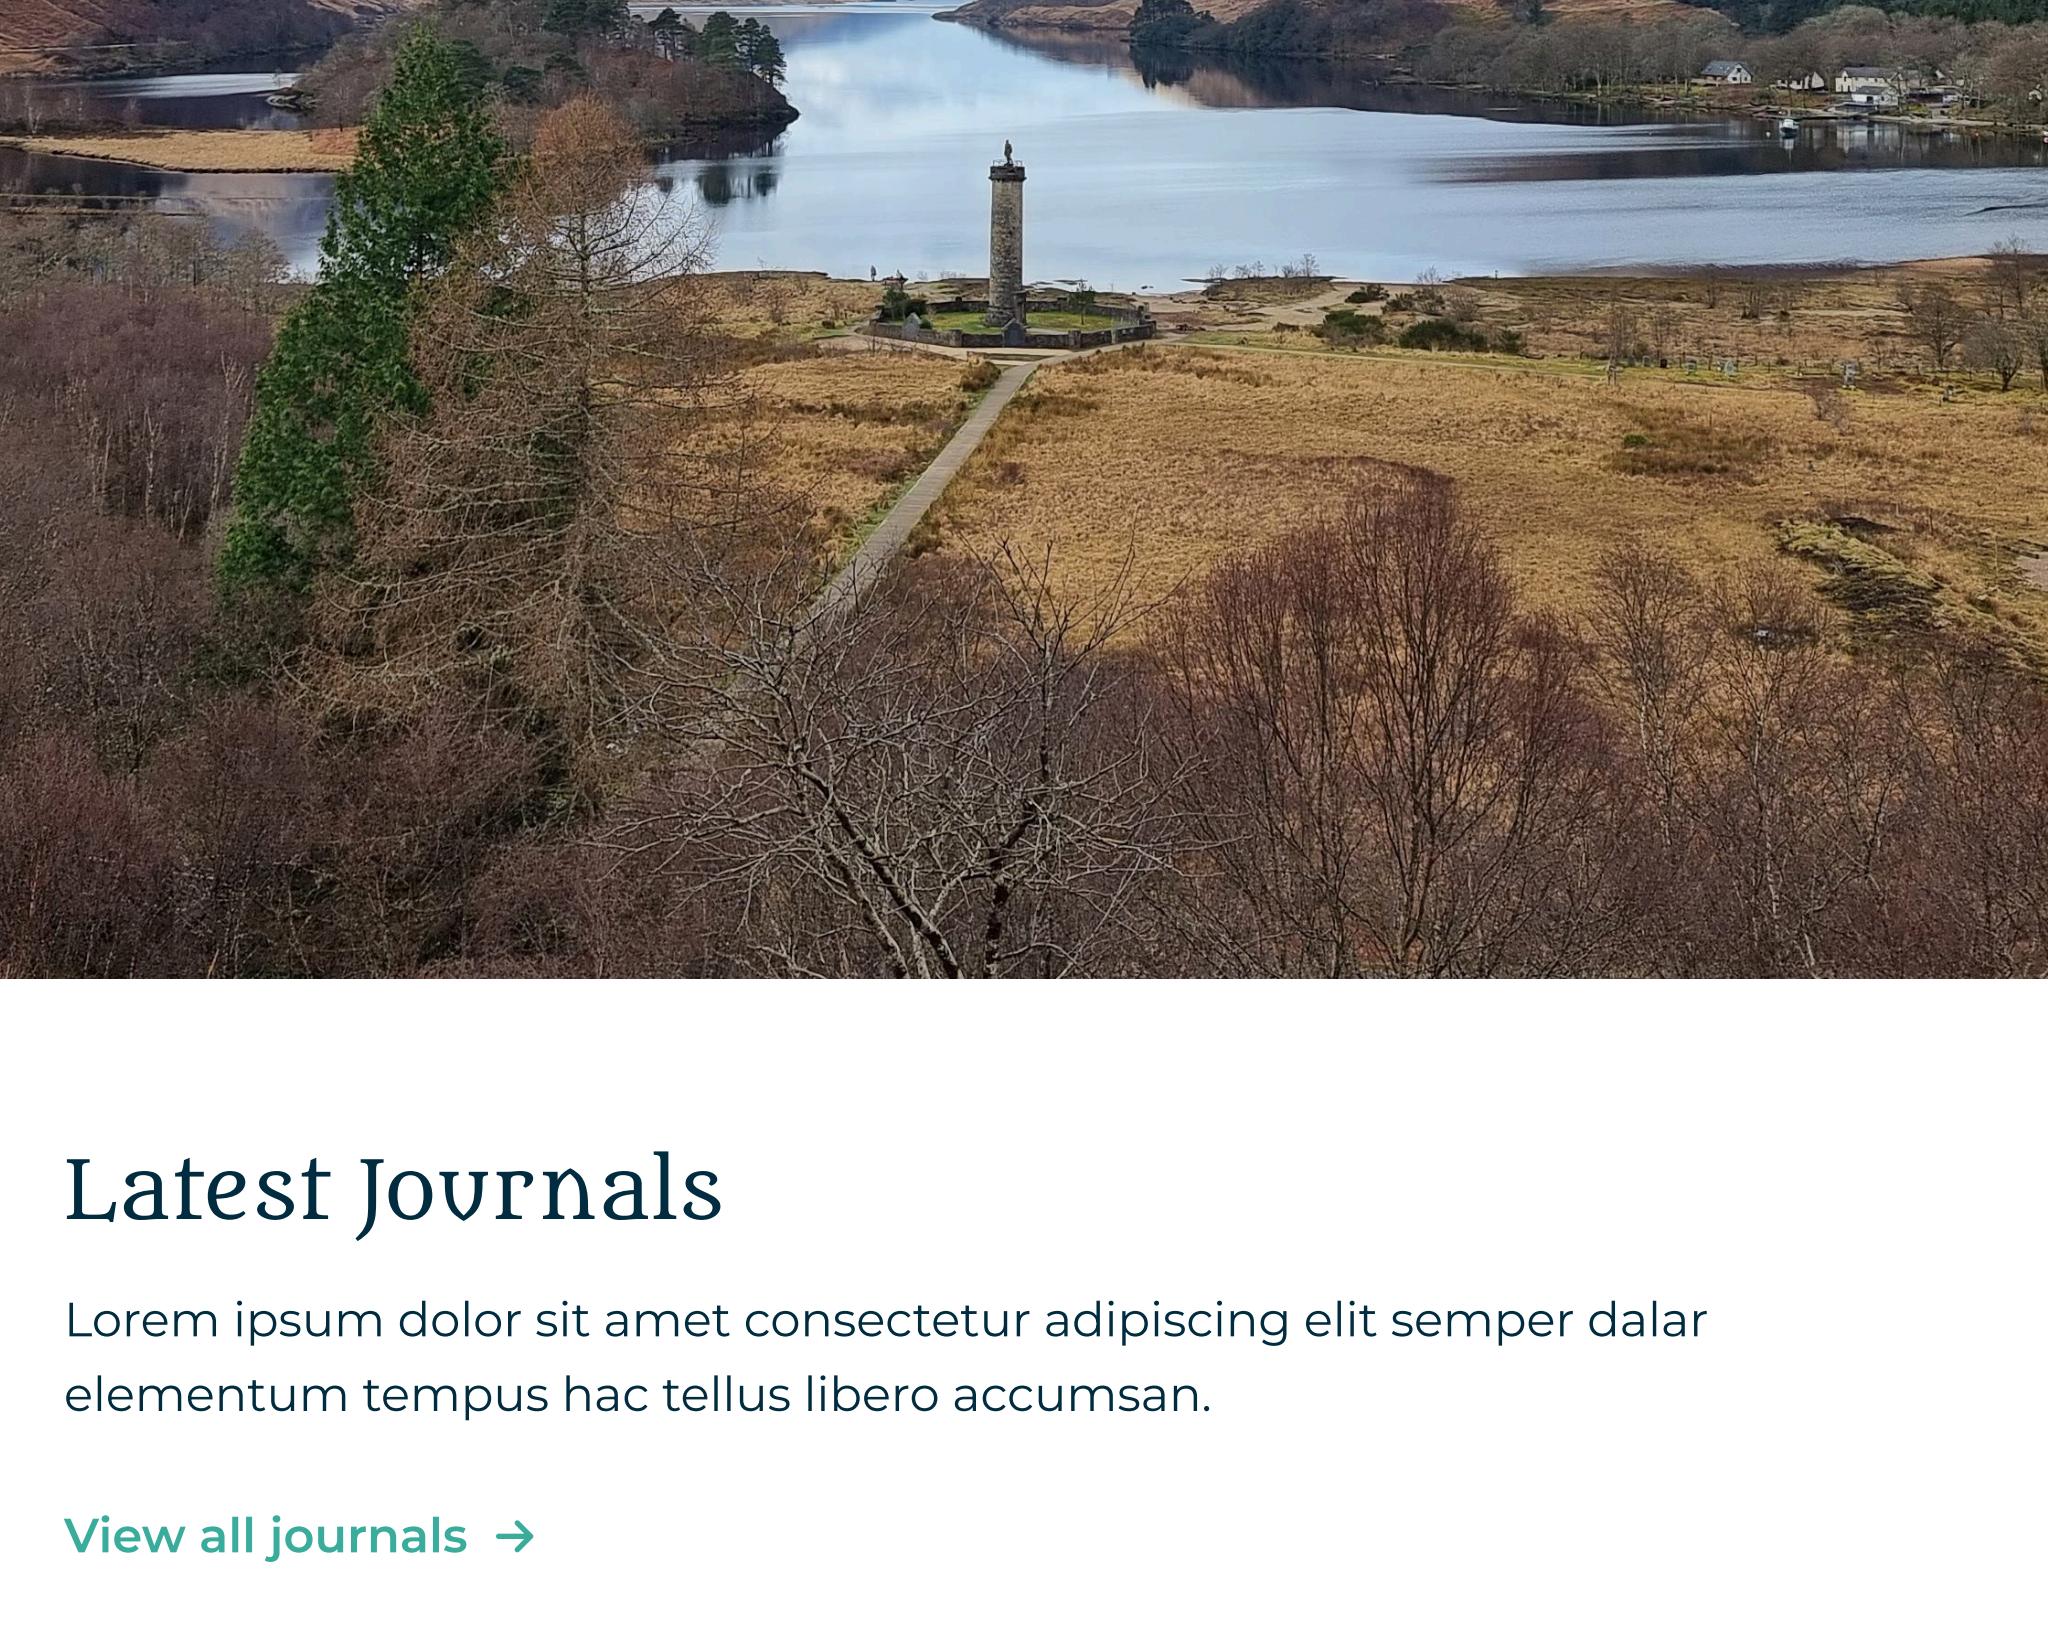

A close-up photograph of a small, brown, segmented insect larva resting on green grass blades. The larva has a segmented body, a pair of prolegs at the front, and a proleg-like structure at the rear. It is positioned horizontally across the frame, partially obscured by the blades of grass.
